Robo Call to Parents – March 29
Start of Online Learning through Schoology

Hello Parents. I’m excited to announce that we are entering our next phase of continuity of learning for our students while our school building remains closed. On Monday, April 6th, daily online learning will begin for all of our elementary students through a platform called Schoology. Teachers will be providing lessons online through that platform. Students will learn from their teachers by watching videos, visiting websites, viewing PowerPoints, and completing specific tasks at home.

I completely understand that this is not only a learning curve for our teachers and staff, but for you and your child as well. So I hope all involved will be patient and understand that we, your extended family at Showell, will be here to help all of you through this process. Parents, to view a complete parent guide for continuity of learning and information about Schoology, you can visit the WCPS website at www.worcesterk12.org and follow the links.

This should be the second robo call you have received from me. The first call was last week about devices and Internet. In order to use the Schoology Online Learning platform, you will need a device and the Internet. If your child does not have access to a device and/or the Internet, it is very important that you call the school at 410-632-5350, and leave a detailed message in order for us to supply you with the needed resources. Please do your best to call the school with your needs by Wednesday, April 1st, so your child will be prepared to attend school online starting Monday, April 6th.

Finally parents please remember that we are here to help you. Your child’s teacher will personally call you sometime this week to discuss this information further. If you have any additional questions and/or concerns, please call Showell Elementary at 410-632-5350.

Thank you in advance for all you will be doing to make this new type of learning a success for your child. We are in this together. Please stay safe and healthy. Good night.
